

Air handling

Air Zone
Custom air handling units and raised-floor and overhead distribution units

AMAX
Indirect, direct, and indirect/direct evaporative cooling

Buffalo Air Handling
Custom air handling to 250,000 cfm

Carnes
Fans, energy recovery, humidification, diffusers, registers, grilles

Enershield
Laminar-flow air barriers

Prihoda
Fabric duct

VTS America
Ventus air handlers and heat recovery ventilators with two week standard lead time

Westair Engineering
Indirect/direct evaporative coolers, air handlers, and ventilators

Renewable energy

SolarWall
Solar pre-heaters for outside air ventilation

Energy recovery

Aermec
Air-to-water and water-to-water heat pumps

CGC Group
Hybrid water-source and ground-loop heat pump systems

Compax
Water-to-water modular chillers

Nu-air
Heat-recovery ventilators, energy-recovery ventilators, and air exchangers

Humidity control

Desert Aire
DX dehumidification technology

Paddock Evacuator Co.
Chloramine Capture System

Stulz
Desiccant dehumidifiers
